CONTENT

Do you know the types of filling we offer for our Insert line?

a) 100% Natural- Premium Line

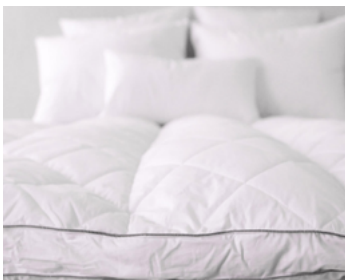

b) Alternative Line

Pillows

Comforters

Mattress toppers

100% NATURAL PILLOWS

Our **Natural Insert Line** is filled with white goose down, white goose feathers, or a blend of both. One of the most remarkable qualities of natural fill is its ability to adapt to individual preferences — from maintaining the perfect temperature to offering unmatched contouring to the body, all while providing just the right level of firmness. These inserts are lightweight, soft, long-lasting, and offer excellent support.

700 Fill Power Insulation

Exceptional Warmth and Breathability

Lightweight, Soft and Supportive

Eco-Friendly and Upcycled Sourcing

Naturally Regulates Body Temperature

ALTERNATIVE PILLOWS

Our **Alternative Line** of duvets, pillows, and mattress toppers is filled with a carefully selected blend of high-performance synthetic fibers. Each piece is designed to deliver the ideal balance of softness, freshness, and lasting comfort. We focus on achieving harmony between shape and function — because every insert deserves the perfect fill for its intended use.

Down-Alternative Softness

100% Cotton, down-proof finish
Soft + Firm Blend Siliconized Fiber

COMFORTES

100% NATURAL LUXURY DOWN COMFORTERS

All-Seasons Cloud

Your year-round essential. Preferred by boutique hotels for its outstanding performance, this down comforter delivers breathable lightness for warm nights and cozy insulation for colder ones.

Long-lasting, easy to care for, and designed to adapt to you every season.

100% Cotton with anti-leak finish
100% Soft natural down
700 fill power

Grand Thermal Down

For the ultimate plush experience. Crafted for colder spaces, this lofty down comforter retains your body heat while wicking away moisture — keeping you warm, dry, and wrapped in hotel-level comfort. Its durability and ease of care make it a favorite among frequent travelers.

100% Cotton with anti-leak finish
100% Soft natural down
700 fill power

ALTERNATIVE COMFORTERS

Summer Comfort

Breezy sleep, all night long. Designed for warm climates and seasons, this lightweight comforter regulates temperature and promotes airflow, keeping you fresh, comfortable, and lightly cocooned. Ideal for hot sleepers and tropical nights.

100% Cotton with anti-leak finish
Downfill Light Fiber

Cloud Loft

Elevate your bed with a plush layer of warmth and volume. This comforter features a tufted “button-style” design that breaks away from traditional striped quilts, offering visual richness and balanced fill distribution across the entire surface. Soft, puffy, and always in place, **it redefines cozy.**

100% Cotton with anti-leak finish
Downfill Fiber

ALTERNATIVE COMFORTERS

Soft Nights

A basic essential filled with softness and lightness. The box-quilted design ensures even fill distribution, helping the comforter maintain its original shape. Crafted with ultra-soft microfiber and a cotton shell, it delivers comfort that enhances your sleep experience.

100% Microfiber
Downfill Fiber

Light Layer

Pure lightness in a practical insert. This ultra-lightweight comforter is the perfect solution for warm climates, guest rooms, or sample setups. It adds a breathable layer of comfort and protection, an affordable choice that doesn't compromise on quality. A fresh, accessible way to elevate any sleeping space.
